

Yaskawa's Lifetime Support Commitment

Dedicated Support for the Life of Your MOTOMAN Robots

At Yaskawa Motoman, we stand behind every robot we deliver — not just for years, but for a lifetime. As long as your MOTOMAN robots (NX-series and newer) remain in production, our commitment to service remains active.

Even after manufacturing ends, we continue to provide expert support to ensure your investment delivers long-term value and dependable performance.

What Lifetime Support Includes:

Technical Support

Access to experienced engineers and technical resources.

Service Parts

Availability of essential replacement components.

Repair Services

Factory-level repair and refurbishment options.

Inspection & Analysis

Available maintenance evaluations to keep your robots running efficiently.

YASKAWA MOTOMAN:
COMMITTED TO YOUR SUCCESS
FOR THE LONG RUN.

Eligible Models

NX-series and newer.

(Note: Customer-specific models are not included. Some parts for painting robots may have limited availability due to explosion-proof certification requirements.)

For support on legacy models such as the XRC-series or earlier, please contact our service team directly.
